

ENERGY STAR® QUALIFIED

# Power Vent Water Heaters

GSW ENERGY STAR® Power Vent gas water heaters have been engineered to provide the highest energy efficiency ratings for a water heater of its kind in the market today. The reliable and trouble-free operation of the GSW Power Vent will provide hot water and peace of mind for years to come.

## SAVE MONEY ON ENERGY COSTS

- ENERGY STAR® qualified (except 60 & 75 gallon models)
- Up to a 0.70 Energy Factor
- Factory-installed heat traps on the water inlet and outlet reduce the amount of heat lost through piping
- 2" CFC-free foam insulation to improve energy efficiency
- Exceeds NRCan energy efficiency standards

## DESIGNED FOR PERFORMANCE

- Available for natural gas or propane
- Exclusive TankSaver® design to prolong tank life
- Suitable for elevations up to 10,100 ft. (3,078 m)
- Maximum working pressure: 150 psi

## KEEPING YOU SAFE

- Sensor detects flammable vapours and automatically disables the unit preventing their ignition
- Robust air intake snorkel inhibits flammable vapours from entering the combustion chamber

## EASY TO INSTALL AND MAINTAIN

- Ideal as a replacement water heater in a variety of applications due the 3-position rotatable blower
- Convenient 3/4" side taps for combination applications on 50 USG high-input and 75 USG models
- State-of-the-art electronic gas control features advanced self-diagnostic capability that makes troubleshooting easy
- Conveniently located T&P and drain valve

## FLEXIBLE VENTING CONFIGURATIONS

- Can be vented with 2", 3" or 4" ULC S636 PVC, CPVC or polypropylene pipe up to 180 equivalent feet (see installation manual for full details)

## LIMITED TANK AND PARTS WARRANTY

- Consult written warranty on the back of this sheet, with documentation included with water heater or contact GSW for complete warranty information
