

Power Vent Water Heaters

GSW Power Vent gas water heaters have been engineered to provide the highest energy efficiency ratings for a water heater of its kind in the market today. The reliable and trouble-free operation of the GSW Power Vent will provide hot water and peace of mind for years to come.

SAVE MONEY ON ENERGY COSTS

- Up to a 0.73 UEF
- Factory-installed heat traps on the water inlet and outlet reduce the amount of heat lost through piping
- 2" CFC-free foam insulation to improve energy efficiency
- Exceeds NRCan energy efficiency standards

DESIGNED FOR PERFORMANCE

- Available for natural gas or propane
- Exclusive TankSaver® design to prolong tank life
- Suitable for elevations up to 10,100 ft. (3,078 m)
- Maximum working pressure: 150 psi

KEEPING YOU SAFE

- Sensor detects flammable vapours and automatically disables the unit preventing their ignition
- Robust air intake snorkel inhibits flammable vapours from entering the combustion chamber

EASY TO INSTALL AND MAINTAIN

- Ideal as a replacement water heater in a variety of applications due the 3-position rotatable blower
- Convenient 3/4" side taps for combination applications on 50 USG high-input and 75 USG models
- State-of-the-art electronic gas control features advanced self-diagnostic capability that makes troubleshooting easy
- Conveniently located T&P and drain valve

FLEXIBLE VENTING CONFIGURATIONS

- Can be vented with 2", 3" or 4" ULC S636 PVC, CPVC or polypropylene pipe up to 180 equivalent feet (see installation manual for full details)

LIMITED TANK AND PARTS WARRANTY

- Consult written warranty on the back of this sheet, with documentation included with water heater or contact GSW for complete warranty information
